Arkansas's Pro-Life Youth Camp! July 29-31, 2022

Come to Camp Joshua and learn how to help bring down the walls of the culture of death! Enjoy dynamic speakers, hands-on experience, interactive games, great food, and make new friends.

What is Camp Joshua?

Arkansas Camp Joshua (ACJ) is a three-day camp designed to train students to be effective pro-life leaders. It covers all the basics of pro-life issues in classes and hands-on workshops. You'll visit the State Capitol, play interactive games, enjoy good food, and other activities.

Who can attend and how much?

Arkansas Camp Joshua is typically open to teens ages 13-19 with some exceptions. ACJ is not a Bible camp or affiliated with any religious denomination. All teens are welcome. Arkansas Camp Joshua costs \$100 and includes transportation, meals, lodging, materials, and a T-shirt. Make check payable to ARTL and mail with signed registration forms to: ARTL, P.O. Box 1697, Little Rock, AR 72203. Limited scholarships are available.

Where is ACJ held?

ACJ will be held at CrossHeirs Retreat Center in Humphrey (crossheirs.org), which is about an hour and 15 minutes from Little Rock, with the only exception being a trip to the State Capitol on Sunday afternoon.

To register, complete the registration forms available at www.campjoshuaar.com. You may also contact Rose at (501) 663-4237 or email artl@artl.org regarding registration information or for questions. The camp is fully chaperoned by adults.

3 Healthy Newborns Surrendered in Arkansas!

Support the Arkansas Safe Haven billboard campaign

Far too often we hear disturbing reports of newborn babies abandoned in dumpsters, toilets, trashbags, in the woods or in other unsafe places. *This doesn't have to happen!* Under the Safe Haven Law newborns can be surrendered at safe locations with no questions asked. Your donation to the Arkansas Safe Haven billboard campaign can literally save a baby from death resulting from unlawful abandonment.

It may not be too late!

To save your pregnancy

Chemical abortions (Mifeprex or RU-486) accounted for 1,725 of the 3,154 babies aborted in Arkansas in 2020 – that's 55%. *Your baby doesn't have to be one of those statistics!* **Abortion Pill Reversal** may reverse the effects of the abortion pill! Already, more than 3,000 babies have been saved by this method!
